

The Electronic Recycling Association wants your old electronics! We'll take them and check them out to see if there is reuse potential. If not, we'll recycle them. No garbage will be sent to our landfills.

As an added bonus, you'll be supporting a great cause. Not only are you advocating environmental responsibility, you're helping the ERA continue to make valuable computer donations to local charities and individuals in need. Well done!

### **What is accepted:**

**Consumer Electronics** (gaming consoles, iPods and mp3 players, stereo equipment etc)

**Desktop Computers** (PC & Mac, monitors, parts, motherboards etc)

**Handheld devices** (smart phones, cell phones, tablets etc)

### **Phone Systems**

**Racks and miscellaneous** (Server racks, lab equipment, disk arrays etc)

**Servers** (Rack mount, stand alone, all brands etc)

**Software** (operating system, editing, design etc)

**Specialty items** (Cisco networking, switches, routers etc)

#### About the ERA:

Established in 2004, the ERA is a non-profit organization directed to reduce the environmental impact of improperly discarded toxic electronic waste by offering accessible services to help corporations and individuals manage their retiring IT assets. With reuse being the ERA's top priority, every item that is received is examined for any remaining productive life and refurbished for reuse.

True end of life items are transferred to accredited recyclers where a nil landfill contribution can be assured. The ERA is committed to supporting local charities and individuals in need through the donation of electronic equipment to charities and individuals alike.
