

# YYC Matters: Election 2019

## Honouring Commitments to Calgarians

The City wants to ensure the Province honours commitments made to Calgarians now and in the future.

### Build the Springbank Reservoir to protect our downtown from flooding

#### 2013 Flood

**\$5B losses**

across Southern Alberta

**\$409M losses**

to City-owned infrastructure

Best option to protect **Calgary from Elbow River flooding** is completing the Springbank Reservoir

- Calgary's downtown and Elbow River communities are still at risk for flooding and need protection
- Together with upgrades to Glenmore Dam, Springbank Reservoir will protect Calgary from a 2013-sized flood

### Fund the full length of the Green Line

#### 26KM needs the Province's share of funding

- First 20 km and 14 stations are fully funded
- Future stages will require further contributions from the Province

#### 17,000 jobs

- Green Line will create 10,000 direct construction jobs and 7,000 supporting jobs in Calgary

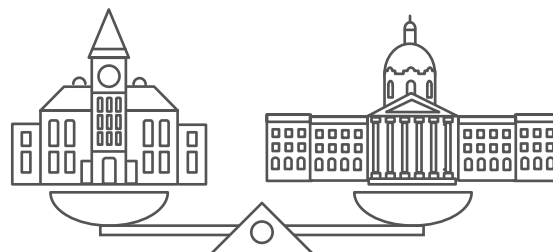

**By 2048 150K-170K daily riders**  
increasing Calgarians' mobility

**A 37,000 tonne reduction in GHG**  
equivalent to 7,600 cars off the road

### Honour the City Charter

- The ability to deliver made-in-Calgary solutions to local problems
- New funding agreement with the Province makes infrastructure funding more stable and predictable

The Province needs to continue working with The City as a partner in **building Alberta's future**

A strong Calgary means a strong Alberta. Learn more at [yycmatters.ca](http://yycmatters.ca)
